|          | (4') .045 x 3/8" Double Faced Tape     | 3004-9246-92  |

**WARNING: Please handle with care. The edges of the STAINLESS STEEL TRIM are EXTREMELY SHARP!**

1. Open the hood and remove the (6) factory 10mm hex bolts from the top of the grille.
2. Apply masking tape to the bottom and sides of the factory chrome grille openings to protect the chrome finish from possible scratches.

3. Use a 1/4" drill bit to enlarge the hole (or lower area) that the lower center stud will pass through.

4. Trim the closed end from each black silicone sleeve and install one onto each mounting stud on the upper and lower grilles prior to vehicle installation (lower shown).
5. Install 12" sections of the double faced tape centered on the lower frame between the mounting studs.
6. Peel off the double faced tape backing and align the lower mesh section onto the back of the grille and press firmly into place to set the tape.

7. Install 3" sections of the double faced tape on the frames between the pressed in 12 point bolts (where shown).
8. Trim the closed end from each black silicone sleeve and install one onto each mounting stud on the upper and lower grilles prior to vehicle installation (E-Power shown).
9. Peel off the double faced tape backing and align the mesh sections onto the back of the grille surrounds and press firmly into place to set the tape.

10. Carefully align the upper and lower grille mesh and frames and install large black plastic washers and #8-32 ESNA nuts onto the studs and hand tighten. Remove the masking tape applied in Step 2 at this time. Completely tighten all mounting hardware. **IMPORTANT: Do not overtighten the #8-32 ESNA lock nuts or you will indent the grille where the studs are welded.**
11. Reinstall the (6) 10mm hex bolts removed in Step 1 to finish.

Mesh grille finished installation.

**For the standard mesh grille: Once the protective liner is peeled off the stainless steel grille sections, E&G recommends wiping the glue residue with a mild solvent on a soft cloth to loosen the remaining glue. Once the glue is removed, use glass cleaner and a soft cloth to remove the solvent residue. Not applicable for "E-Power" grilles. Do not use abrasive cleaners of any type on both standard and "E-Power" mesh grilles.**

"E-Power" chrome mesh grille finished installation.

#### WARRANTY INFORMATION:

E&G Classics, Inc. warrants its chrome parts and products to be free from defects in material, workmanship or finish for Twenty-Four (24) months from the date of shipment by E&G. This warranty is limited to the repair or replacement, at E&G Classics option, of the defective part or product.

#### To obtain performance under this warranty you must:

- 1.) Present your E&G unit to an authorized distributor in your area with proof of purchase.
- 2.) If no distributor is available, contact E&G Classics (address below) for authorization to return unit.
- 3.) Returns - All unauthorized returns will be refused. Merchandise approved by E&G for return must have been purchased within the Twenty-Four (24) months. All returns require an authorization number obtained from E&G and the actual return must be accompanied by the written authorization form filled out completely. All merchandise must be inspected upon receipt and shortages reported within 48 hours. All merchandise must be in a resalable condition. Merchandise must be packed carefully in the original packing. If original packing is no longer usable, repack item(s) comparable to original manner. All returns are subject to a 25% handling charge. Special order items are not returnable. Defective merchandise must have an explanation of the problem. No credit will be issued unless invoice number and date of purchase has been supplied. Manufacturer shall be sole judge of defects in a product.
- 4.) UPS accounts - All returns must be prepaid. Do not send return shipments freight collect. Once E&G has made its decision and it is a claim against our warranty policy, E&G will credit incoming freight on damaged parts.
- 5.) No discontinued part or parts changed due to body style are returnable.

**For Return Authorization, write or telephone: E&G Classics, Inc., 8730 Greenwood Place, Suite A, Savage, MD 20763 (410) 381-4900 Attn.: Return Department**

You are responsible for inspecting all packages containing E&G Classics' parts and product immediately upon their receipt and must file a claim with the carrier for any damage disclosure by such inspection and notify E&G classics in writing at the above address of any such damage. This warranty does not extend to any of our products which have been subject to misuse, neglect, accident or have been altered or repaired in any way. This warranty does not cover any accidental or consequential damages for any breach of this warranty agreement. E&G Classics shall have no responsibility for any loss of time, inconvenience, commercial loss or consequential damage, nor shall E&G be liable for any injury or damage to persons or property by reason of any defect in material, workmanship or finish of its parts or products. This warranty gives you specific legal rights and you may also have other rights which may vary from state to state.
